

1 COMPLETE RENOVATION

3415 GASTON ROAD

PROJECT DESCRIPTION

Our goal was to take a 1950's ranch-style home that was 1500 square feet and turn it into a 4000 square foot two-story showplace! The homeowners needed more room for their growing family but building out was not an option due to the large number of mature trees close to the house. In order to preserve the trees we designed a house plan that went up into a two-story.

BEFORE

Granite, stainless steel and stone are just some of the highlights of this gourmet kitchen along with custom cabinets and a Butler's pantry.

The great room features a two-story stone fireplace along with beautiful custom cabinets.

DIRECTIONS

3415 Gaston Road, Greensboro

Holden Road to High Point Road. Left on Alamance Road. Right on Mecklenburg Road. Right on Gaston Road. House is on corner of Mecklenburg Road and Gaston Road.
