

COMPLETE RENOVATION

1115 VIRGINIA STREET

PROJECT DESCRIPTION

Southern Evergreen's project involved bringing a 1917 house into the 21st century. The electrical, plumbing, baths and kitchen now function for today's needs. Reclaimed woods, together with strict attention to period detail, have preserved all the charm, character and warmth of this historic home. The home has been renovated to NAHB Green and Energy Star standards, pending certification. The residence is a contributing structure in the Fisher Park Historic District. The renovation was done to the Secretary of Interior standards giving tax credits to the home owner for preserving the home.
